

PHANTOM TOLLBOOTH AUDITION PREPARATION

1. Please show up 10 minutes early with your audition form filled out. Mark ALL conflicts on your form and be honest when it comes to casting preferences.
2. Please come prepared with a 1-2-minute contemporary monologue. Being memorized is not required so you may have a paper with you to read off of, but it does show your dedication when you are.
3. You will be partaking in a warm up and improv games with the director to start. Please dress in comfortable, flexible clothing.
4. Don't hold back! Being an actor means you have to be ok with looking silly – so push yourself! Show us what you got!
5. If you are invited to callbacks arrive ready for anything. You may receive scenes to practice beforehand or you may be handed something new when you walk in – you never know! This show is full of many different characters, so show us how many characters you can be!
